

```
function cartReducer(state, action) {  
  switch (action.type) {  
    case '[Menu Page] Add Burger':  
    case '[Menu Page] Add Taco':  
    case '[Menu Page] Add Hot Dog':  
      return { ...state, loading: true };  
  }  
}
```

Constrain action types to be narrow
